“ *My cousin Judy, you are now in the arms of the Lord.*

We had such fun as cousins in the "old" days. The farm was a wonderful place for city kids to make mischief. I always told my mom you "started it" and you always told your mom I "started it"!! :-)

Margaret and I so loved spending time with you. There were always laughs and Love. Life had its ups and downs...you always had a kind word and a joke to cheer us up.

You are now in the arms of God and at peace. We have very fond memories thanks to you. God bless your soul.

“ Every time I think of Aunt Judy, I always picture the photo of her sitting under the dining room table with the dog! I will also remember the Christmas before COVID walking through Nathan Strong Park with her looking at all the decorated trees and the one Saturday taking her and mom to the thrift stores, shopping, lunch where there was a small paddle wheel boat named "Bessie" and then keeping her out so I could take them through the Festival of Lights and a couple of other Oshkosh area light displays. I don't think she expected to be gone 8 hours! We will miss her and thinking of all of you at this difficult time. Love Terri & Carol.

“ I remember Judy as being a mother who loved her family very much and was very proud of them..she wasn't real crazy about cats..when they would come to visit i can still see her face..she would peek in the door and say (you didn't get another cat..did you?) Will always remember her face when she asked that like she didn't want to come in the house. She was a wonderful woman..i will miss talking to her.Sending my sympathies to the family and maybe she's up there rockin with Elvis!
