“ Mary, Veda and I were shocked and saddened to hear of Chuck's passing. You have our love and compassion. It seems like just yesterday that you were my lab and field assistant in the Biology Dept. at UW-O. The intervening years and our lives have flown by and it seems like we never stopped to get to know the loved ones of those we spent so many hours with. We are pleased that you have your son's family with three beautiful grandchildren to keep you full of life. Dr. Sloey

*“ Wow. Just saw him a month ago in good health. A fellow BHS Alum, class of 66, and a real friend. If you ever needed your spirits lifted just talk to "Chuckie". Never new anyone that could say a bad word about him. Loved by all. Though I only saw him at class reunions I will be saddened that he is not around anymore to brighten this world with his cheeriness. I know heaven is going to be a much cheerier place.  
My condolences to his family. God bless you Chuckie, I know I'm a better person for knowing you.*

“ Chuck was my brother's Godfather and a good man. He dressed as Santa when we were younger and spread the Christmas cheer. He was always enthusiastic and a great guy to chat with. My condolences to his family and may he rest in peace.

“ I will miss my singing partner. "People of Israel listen..." Chuck would start the song and I would finish it. He always made me smile and always had a kind word for me. My prayers are with his family.

“ Chuck and Mary Lu were like second parents to me as I was growing up. He will always have a special place in my heart. I remember one story he always liked to tell is when our dog Dutchess stealthily ate a drumstick out of his hand as he was talking. He brought the chicken up to eat and all that was left was the bone! May your days in heaven be filled with a large bounty of fish to catch. Bruce Petters and family
