“ As a child you never know where to start when losing a parent. My mom was a great person. She would go out of her way to help in anyway that she could even if she couldn't, she would figure it out. She wanted to make sure that her kids and grandkids, and great grandkids were happy and she spent as much time with them as she could. There will never be a day that goes by that I won't think of my mom and the good times along with the bad. Just know mom that we got this. We will stick together as a family like we always do and continue your memories down here on earth. It was sad to say "see you later" but I can promise you that I will see you later. I was proud to be your daughter and I love you with all of my heart.

“ I have so many fond memories of Donna there is not enough space here or time to write them. Some can be told freely and others cant. Lol. I am deeply sorry for your loss Teri and Josh may God, friends, and family help you thru these difficult and sad times. Trust me the pain never goes away you just have to go on and keep living for that is the best show of Honor and Love that you can give them. Stay safe and stay strong my friend for there is more to do on this humble rock of life. Love always Boo Boo AKA Ron. B.

RIP crazy lady suffer no more. I hold the road trips we made together fun, laughs, secrets, but my sisters wedding at the Club was NUTS!!!! Riding the fake deer, dancing, playing the air guitars, etc and then finding our way home. You are heavenly home now, take a break. Another angel looking over us all!
