“ Jess... you were my wonderful and beautiful fish friend. We could sit and chat about our fish for hours!!! I was so looking forward of getting your crystal parrot. I know how much you loved that fish ❤️. I would have took great care of her you knew that. Just know I think of you often and all of this saddens me so much. I appreciate our conversations and our passion for fish! You shine bright up there girl. ❤️

“ I met Jessica when we worked together at kwik trip. I absolutely loved her energy off the bat. When didn't get close until we worked together again at BP. Her and I were glued to the hip. Jess , your smile could light up an entire universe. It is very hard to have to say goodbye like this. My sincere and deepest condolences to her family. You guys were truly everything to her. She talked about you all the time.

“ I met Jess in appleton a few months ago, at Casa. We connected right off the bat. She was such a caring person whose artist ability blew me away more and more with each little project she'd complete there. I remember sending her some Bob Ross playing cards, because she, to me, was the female version of him. It breaks my heart to see that she's left us, but I won't ever forget her. She was a survivor like I'd never seen before. God be with her now and her family. I'm so sorry to everyone in her family, especially to her mother, as always told me about your closeness to eachother. You were her light, and know she's watching down on you now.
