“ Kelly and Erin;
I was so sorry to hear of the loss of your mom over this past weekend. She was truly a bright spirit every day as she came into The Grocery Bag for food items for meals at the jail. Did you know my husband Jim took Allison and a bunch of "girls" from the store to the casino for a day?? That must have been quite an experience! I love the photo you chose to use to remember Allison. It captures the essence of who she was. She will be missed by many.

“ Dear Kelly and Erin,
Marsha and I are so very sorry to hear of the passing of your mother. We just heard about it late last night and now we have received this email via school. It's nice to live in a small community to know so many people care and are connected. I had no idea she was that far along with her illness. The last time I was over there she came out to talk to me when I was working on the fascia of her garage.

I am sorry I will not be able to attend the memorial service during the day on Friday. I wish I could for I truly feel like I should be there. Your mother always offered to help us out when my father was ill (and living with us here in Green Lake) and that fallback was much appreciated so if I can help you out in some way please contact me. My cell number is 920.229.5195.

Again we are truly saddened by this news and please know you have our deepest sympathies. She always made me laugh or smile and that is how I will remember her.

Sincerely,
Gary and Marsha Krahn

“ I remember Allison very well, as the friend and confidant of many of the students who rode her bus to all of their athletic events. She was loved by many. My condolences to her family.

“ Me and Alison were cousins , when we were kids we saw a lot of each other even though we lived at the opposite end of the country , Alison used to come from her home in the south of England to the north to visit our Nanna . when Aliso last visited England in 2014 she asked me if i would take her to Whitby with her sister Julia which i did , she said to me do you know why i wanted to come to whitby i said no , She said it was the last memmory she had of our Nanna taking myself and Alison there on a day out , after Alison moved to the USA we lost touch and i never heard from her in over 50 year . Then hers sister and my other cousin Julia contacted me on facebook and we all met up within a couple of month, i am just glad we met up for one more time before this sad time in our family history . Also me and Alison were planing to meet up in November i am booked for Vegas and she was going to meet me at Chicago and spend a couple of days with me ,sadly this will not happen RIP Alison
