“ Justin is a hero in my eyes and he will always have my respect and gratitude. Our friends went off the road one night and they were all thrown from the car. The person who made it out of the vehicle without a scratch on them called Justin, and he came right out there. As soon as he got there he called 911 and tried to do what he could for our friends. The driver didn't make it out alive, but the other badly injured friend did. Had Justin not gone to them that night, I think the outcome would have been a lot different. Our other friend had lost a lot of blood and Justin saved her. I'm sorry that we couldn't save such a caring and giving soul like Justin's. Rest peacefully Justin.

*He was something..he was everything. Through every struggle he faced he always made sure everyone else came first. When he would be locked up he would call me almost everyday just let me know he was okay. Every conversation always ended with I love you and a reassurance I wouldn't be going anywhere. Justin you were the light in so many people's world. I only wish we all could've done the same for you as you did for us. It's taken so long to find the right thing to say to you because I still can't accept that you are gone. You were the only constant in my life no matter your situation. Knowing you aren't struggling anymore is the only peace I can find in this. I will miss you more then you could ever know & love you for the rest of this life.
With all my love,
Madison*
