“ Marion always had a smile on her face and fresh cookies. We would bring over the neighborhood football pool and she was always more happy for the visit then if they lost or won. She even smiled when the neighborhood pranksters put that calf in her basement! Such a sweet lady and many memories. Sympathy to her family! What a full life she lived!

“ Another neighbor from my childhood has passed away. Marion and her husband Wayne helped make our childhood better with endless memories of the neighborhood adults having fun, sharing and gathering. Deer hunting was always a special time in our neighborhood and seeing her passing reminds me of the way our neighbors shared their love with all of us. Sympathy to her family and friends and all who loved her. We had a great childhood.

“ Wayne and Marion were are neighbors growing up to and were like an extra set of grandparents to us as kids. I have fond memories of being on their farm and growing up watching the neighborhood adults have endless fun at gatherings and pulling pranks all around! Deer hunting season by far was full of fun memories! Town of Seneca neighbors by far had the most fun! My mom and dad loved Wayne and Marion like their own parents and shared so much together from garden produce, recipes and more. Our thoughts go out to all of the family and friends who loved them. I by far had the best childhood growing up with so many wonderful neighbors who loved us like family! I can hear her saying to my dad, "Oh, Steve," ....love and hugs to all.
