

Peggy Kujawa

July 25, 1949 - January 11, 2026

Peggy Kujawa, age 76, Berlin, passed away on January 11, 2026

She loved life and lived it to the fullest.

In her leisure you could usually find her down at one of the local parks in Berlin fishing or faithfully attending one of the many events held throughout the year.

She loved music and crafts including crochet.

Family and friends were the most important, she held close to her heart and could talk about anything with them until your ears hurt.

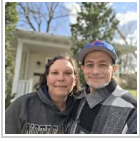

Another hangout she adored and could be found there quite often was Izzy's Dockside and claimed that the staff and the owners were like extended family.

The list of memories is too many to mention and I'm sure she will be missed by the people who loved and got to know her.

A celebration of her life will be set at a later date.

Thank You to all of you who brought her joy all these years.

Tribute Wall

“ I met her at my cousin Connie funeral and we talked for hours as she told me her life story pretty much. I could yell she had a huge warm heart, and her personality was sure spunky. May you have plenty of fun fishing on that golden pond in the spirit world Miss Peggy!

Joshua Cyrus - January 16 at 06:14 PM

“ I really want to miss you girl you were the best friend I ever had in a big sister but you're by my brother

June Halsey - January 16 at 04:19 PM
