“ *My Aunt Phyllis was an early life mentor to me entering the medical field. We both successfully had fulfilling nursing and medical area careers. I also remember as children she had cherry trees in the yard and she saw to it that we enjoyed them in many ways. Christmas was a major part of the whole Williams family such good food and fun. Aunt Phyllis was always deeply committed to the gift exchange that included my most fond memory. As a teenager she found a paper dress for me. Who knew it could even exist and it quickly became the most unique gift I have ever been given. In later years are families had less time together and yet my memories of Aunt Phyllis are as strong as the times we lived them. For my cousins I wish you remember the joy she gave you in your heart and love all the good times when sadness of the loss of your mother finds you. I regret not being with you to celebrate Aunt Phyllis's life. I'm in Colorado making memories with my youngest grandchildren. Cousin Gail*
