

Richard Heil

February 9, 1946 - April 12, 2024

Richard (Dick) Heil passed away on April 12, 2024, in Berlin.

He was born to Anton and Margaret Heil on February 9th, 1946, during the polio epidemic, two months premature without any side effects.

He married Cheryl Stack on a snowy Saturday January 8th, 1966.

They have two children, Charlot Demarie and Summer Heil-Standke. There are five grandchildren Devin, Logan, and Fallon Demarie, also Cambria and Willow Standke.

His older brother is deceased.

Dick spent his entire working life as a mechanic and autobody repairman. He inherited his mechanical, electrical, and carpentry skills from his dad. Dick along with his dad built our cedar house in the woods five miles South of Merrill. He was great at figuring out day-to-day problems. Dick had a very astute way of reasoning hands-on problems. He was blessed with many talents. Smart and unique are words that aptly describe Dick Heil. People liked the social and friendly side of Dick. He will be missed every day. Life will never be the same without him.

Our family wants to thank Juliette Manor and Thedacare for their excellent care and compassion shown to Dick.

Cremation has taken place.
